Ryan,

Did you tell me that if someone e-mails "John Adams" and that if he returns the message that you might have a chance to track him down? If so, I believe that I might have such an opportunity.

Michele:

The Chief told me that you received a direct email from "John Adams".

If you could do the following for me:

On you "inbox" screen, right click on the email, choose "Options". Next, highlight the information inside of the box that says "Internet header". Right click and "copy".

Paste the info on a New email and send it to me.

Thanks!
